

ARVILYN KATE NOVELO NICERIO

AN ASPIRING FRONT-END DEVELOPER & GRAPHICS DESIGNER

Rocka Village III, Sta.Rita, Guiguinto, Bulacan | +63 977 460 3598 | arvilynkatenicerio@gmail.com

OBJECTIVES

Aspiring front-end developer with intermediate knowledge of HTML and CSS and a developing understanding of JavaScript. Looking for an opportunity to apply my skills, learn from experienced developers, and build engaging, responsive web applications.

TECHNICAL SKILLS

Computer Literate

Programming

- **HTML** - Webpage structure, semantic elements
- **CSS** - Styling, layout, responsive design
- **JavaScript** (Currently Learning) - Basic syntax, DOM interaction

Visual Graphic Design

- **Adobe Photoshop** - Layouts, visual editing, branding materials
- **Adobe Illustrator** - Vector art, icons, logo design
- **Figma** - UI layout design, prototyping, screen composition
- **Canva** - Social media graphics, marketing layouts, activity sheets, and busy book designs

CERTIFICATIONS

- **TESDA Visual Graphic Design NC III - Acquired**
 - Hands-on training in layout composition, branding design, color theory, and digital art production.
- **SOLO LEARN Introduction To HTML - Acquired**
 - Gained foundational knowledge of HTML structure, semantic tags, and creating basic webpage layouts.
- **SOLO LEARN Introduction To CSS- Acquired**
 - Learned essential styling concepts including selectors, typography, spacing, and responsive design basics.
- **CODECADEMY Learn HTML Course - Acquired**
 - Developed practical skills in building webpage structures, organizing content, and applying semantic HTML for accessibility.
- **CODECADEMY Learn CSS Course - Acquired**
 - Practiced core styling principles such as colors, layout techniques, the CSS box model, flexbox, and responsive design.

PROJECT HIGHLIGHTS

- Responsive website layouts using HTML, CSS, and JavaScript
- Logo and poster designs created with Adobe Photoshop and Illustrator
- UI/UX prototypes designed in Figma for web and mobile interfaces
- Canva social media graphics and activity sheets and busy book designs for educational and creative use

EDUCATION

Bachelor of Science in Information Technology

College of Our Lady Mercy Pulilan | 2022 - Present

- Covers programming, web development, networking, database systems, and cybersecurity fundamentals.

TVL 11(Prog) & 12(Cookery) - SHS

Marcelo H. Del Pilar National High School | 2020-2022

- Focuses on practical skills in programming and basic web technologies (Grade 11), combined with hands-on training in food preparation, kitchen operations, and culinary techniques (Grade 12).
